Study the Future Well.

The future contains your uncut block of Parian marble. Beware how you suite it. Do not touch it until you have a plan, an idea, to work out of it. You may so mar the marble as to hinder the highest expression of your soul through it.

World's Hottest Places.

The Sahara desert, between parallels 10 and 0, is considered to be the hottest place in the world, but Hyderabad, in S. India, is even hotter. In summer months it is said the temperature there often rises above 125 degrees in the shade.

Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills

to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 82 Plum St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicines, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my housework when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nerveine."

Dr. Miles' Anti-Pain Pills

are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.
